

Creating Art with CSS

Cassidy Williams

Engineer at *Codepen*

@cassidoo

**Why are you encouraging
this?**

Why are you encouraging this?

- Making CSS art will make you better at CSS
- Making CSS art will help you see graphics modularly
- Making CSS art will force you to think critically about how you organize your code

Thinking about CSS Graphics

**What tools should I have
handy?**

What tools should I have handy?

- A place to code (e.g. CodePen)
- A color picker (e.g. Digital Color Meter)
- Something to measure pixels (e.g. a screenshotting tool)

**Let's put all this to good
use!**
